Professor Dr. J. Lederberg
Department of Genetics

U.S.A.

Dear Dr. Lederberg!

In agreement with Dr. Lüderitz and Westphal
I am sending enclosed the preliminary table of
Coli-sugars, not published as yet. Dr. Lüderitz
will ask Dr. O.H. Braun, Erlangen to send to me
the E.coli cultures NC 7 and vet. 4. As soon as I
have received these strains, I will send them to
you together with our culture F.K. 25 = O 73.

In the Table means + = present, no + =
not present, except in hexoses as here means + =
present, but no plus = not tested.

With kindest regards

Yours sincerely,

F. Kauffmann
